EasyGate
SG SR

Within this product pack, you will find renders, drawings, technical specifications and technical dimensions of the above product.

Protecting your space.
Powering your business.

Why choose an EasyGate Speedgate?

Our EasyGate Speedgates offer the ultimate standard of both protection and elegance. Whether seamlessly blending in with your building's surroundings or making a bold statement, our gates enhance any reception area or office space, adapting to your design vision without compromise. With advanced tailgating capabilities and anti-climb sensors, they offer a secure solution for managing the flow of people in high-throughput areas, adapting to your ever-changing access needs. Their slimline and sleek design provides a modern entrance experience that combats overcrowding without compromising on safety: a smooth experience for users, a secure experience for you.

Ideal for...

Your considerations

EasyGate Speedgates provide both security and style with high operational speeds and complete access control. They guarantee user safety and secure areas during peak times and high-traffic scenarios. Efficiently engineered, they can be installed side by side or alongside turnstiles or entrance gates to optimise traffic flow for busy buildings. These speed lanes have a minimal design that, when integrated with a visitor management system, provides an effective layer of security suitable for various working environments.

Benefits to your business

- High-throughput security
- Anti-tailgating prevention
- Climb-over prevention
- Aesthetic secure line
- High integration capability
- Integrates with most access control
- Highly customisable

Fine-tuned to your needs

Our team provides customised solutions to meet your security and aesthetic needs. Our EasyGate Speedgates offer slim and stylish designs that blend with any architectural setting and a range of finishes to match your surroundings. When connected to your visitor management system, light guidance, adjustable glass wing heights, and anti-vault detection enhance security and user experience.

Benefits to users

- Fast and secure access
- Ability to use biometrics
- Intuitive to use
- Aesthetically pleasing
- Adds a feeling of safety
- Wheelchair access EA

security first

Easyate

SG - SR

The SG (round) and SR (square) are a subtle yet secure speedgate with a compact footprint, ideal for receptions, corridors, or other space-limited areas. With customisable finishes, it provides adjustable opening and closing speeds and options for extended lanes, increasing tailgating detection to generate a controlled and efficient entrance solution.
